

# Infusion Services

## Delivering Quality, Cost-Effective IV Therapy

Our specially trained staff of nurses and pharmacists at The Outpatient Infusion Center deliver quality, cost-effective intravenous therapy within infusion suites designed to make our patients feel comfortable and at home. The Outpatient Infusion Center at Comanche County Memorial Hospital offers a comfortable infusion center, allowing you to live at home, attend school, or remain on the job without serious disruption to your routine.

## Important Benefits to You

We use the latest treatment techniques to make sure you get the high-caliber care you need. But we do so in a non-hospital setting, which makes it not only more comfortable, but also more affordable.

## Some of the services offered:

- Blood transfusions
- Daptomycin
- IVIG
- Orencia
- Prolia
- Reclast
- Remicade
- Solu-Medrol
- Tysabri
- Vancomycin
- Other IV antibiotic/fungal

**It's as simple as your physician faxing us an order and you will get a call for an appointment.**

Conveniently located on the ground floor of the McMahon Memorial Tower at Comanche County Memorial Hospital, we are able to offer:

- Flexible scheduling seven days a week
- Personal and consistent communications with you and your physician
- Simplified referral process for physicians
- Community located with easy, free parking
- Reminders of appointment times
- Comfortable environment with nurse supervision
