

Our Community

Lawton is the fifth largest city in the state. It serves as the prominent shopping, medical, recreational and educational center for the region. Most people want the conveniences of a large city, but also want the advantages of living in a small town. Lawton combines the best of both worlds, offering an excellent quality of life. The people are friendly and helpful and the crime rate is low - advantages often found in a small town. Yet, Lawton is the educational, cultural, and medical hub of Southwest Oklahoma, offering all the advantages of the big city!

Geography

Lawton is located on I-44 and provides convenient access to Oklahoma City—only 90 miles northeast of Lawton, and the Dallas/Fort Worth Metroplex—only 2 1/2 hours to the southeast.

Lawton flows southward into a flat plain with the Wichita Mountains serving as a dramatic backdrop to the north. Thousands of tourists visit the Wichita Mountains Wildlife Refuge each year to explore an area full of roaming wildlife, romantic history, picturesque scenes, and the towering splendor of the mountains. Located north of Lawton are two lakes, both which are fed by streams from the Wichita Mountains. Lakes Lawtonka and Ellsworth are both great for a variety of water sports such as swimming and boating.

Call Pay

As a service organization, CCMH must be able to satisfy patient requests day or night. For the hospital to ensure this service, it is necessary to have a number of employees on an “on-call” basis.

On-call rates are paid at the rate of \$1.50 per hour for hourly employees while on “on-call” status. To receive this rate, employees are required to carry an electronic pager or leave a telephone number where they may be reached.

Paid Time Off

CCMH has established an employee program of Paid Time Off which is used for holidays, vacations and sickness. This simply means any time an employee misses work, they may use PTOs to make up for this time.
